MAKE-A-CLAMP

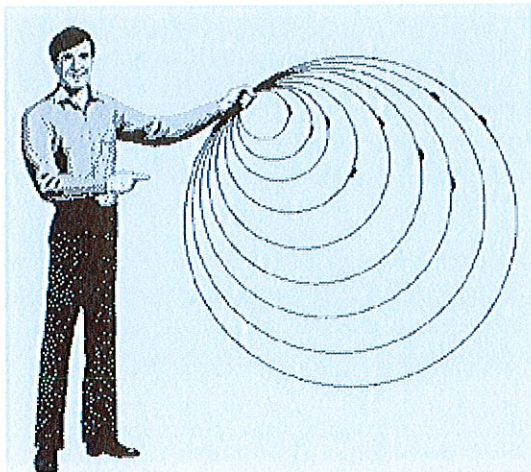

MAKE-A-CLAMP

This is a maintenance "clamp system" in a box including banding and/or fasteners. By simply cutting off a piece of banding from a continuous roll, you can make any size 100% stainless steel worm-drive clamp from 3" diameter on up.

MAKE-A-CLAMP "SHOP KITS"

Easily handled and stored. Banding feeds out from opening on side. Measuring is made easy by printed ruler marks right on side of box. Unused banding remains inside. Fasteners are stored inside of box in separated, easy accessible compartments.

Minimize "down" time. Minimize repair time. Minimize your hose clamp inventory in sizes, dollars and shelf space.

Breeze Make-A-Clamp gives you a total maintenance clamp system in a kit, consisting of a continuous roll of stainless steel banding (which you cut to the size diameter you need) and all stainless steel adjustable worm-gear assembly fasteners.

MAKE-A-CLAMP MAKES EVERY SIZE CLAMP A PLANT NEEDS,

All these sizes and more -- over 1000 different SAE worm-drive clamp sizes -- can be made from a Make-A-Clamp Kit.

FROM 3" DIAMETER ON UP, ON THE SPOT. IT'S A KEY EDITION TO A CONVENTIONAL CLAMP INVENTORY.

MAKE-A-CLAMP STOCK AVAILABILITY			
STOCK NO.	CONTENTS	PACKED	Weight per Carton (Lbs.)
4000	Mini kit with 8.5 ft. (2.6m) Band, 3 Adj. Fasteners and 1 Band Splice	10 Kits per Box 5 Boxes (50 Kits) per Carton	27.5
4001	Kit containing 100 ft. (30.5m) Band, 25 Adjustable Fasteners and 10 Band Splices	6 Kits per Carton	32.0
4002	Kit containing 50 ft. (15.2m) Band, 10 Adjustable Fasteners and 5 Band Splices	6 Kits per Carton	18.0
