The S-5-N clamp is designed for use on the most popular 1” nail strip metal roofs.

*S-5! Mini clamps are not compatible with, and should not be used with, S-5! SnoRail™/SnoFence™ or ColorGard® snow retention systems.
The **S-5-N and S-5-N Mini clamps** are each furnished with the hardware shown to the right. Each box also includes a bit tip for tightening setscrews using an electric screw gun. A structural aluminum attachment clamp, the S-5-N is compatible with most common metal roofing materials excluding copper. All included hardware is 300 series stainless steel. Please visit [www.S-5.com](http://www.S-5.com) for more information including CAD details, metallurgical compatibilities, and specifications.

The S-5-N clamp has been tested for load-to-failure results on most major brands of 1” nail strip profiles of standing seam roofing. The independent lab test data found at www.S-5.com can be used for load-critical designs and applications. S-5!’ holding strength is unmatched in the industry.
